YASH LABADE

HARDWARE ENTHUSIAST

Profile

Electronics and Computer Engineering student driven by curiosity, innovation, and continuous self-improvement. Passionate about designing practical solutions and applying analytical thinking to real-world challenges. Committed to learning, adapting, and creating meaningful impact through engineering.

Skills

- Circuit Analysis
- Technical Research
- Embedded Systems
- Hardware Prototyping

Strengths

- Analytical Thinking
- Problem Solving
- Rapid Self-Learning
- Adaptability

Education History

↪ **Bachelor of Electronic & Computer Engineering**
2026-Present
SVERI's College of Engineering Pandharpur

Projects

- ↪ **ÆRIX**– Custom Quad-copter Development
- ↪ **ClubDock**– College Clubs Management Platform (Ongoing)
- ↪ **KINEX**– **KIN**ematic Intelligence & **EX**perience Athlete Motion Analysis System (Ongoing)

Languages

• English • Marathi • Hindi • German (learning)
